**VILLAGE OF BROOKLYN.**

---

**ABSTRACT**

OF THE ACT OF INCORPORATION, PASSED APRIL,  
 1816.

*Boundaries.*—That part of the town of Brooklyn, heretofore called the "Fire District," and which, in the year 1816, was incorporated by an act vesting certain powers in the inhabitants, and therein called the "VILLAGE OF BROOKLYN," is comprized in the following limits, viz. "Beginning at the Public Landing south of Pierpont's Distillery, formerly the property of Philip Livingston, deceased, on the East river; thence running along the public road leading from said Landing, to its intersection with Red Hook Lane; thence along said Red Hook Lane to where it intersects the Jamaica Turnpike Road; thence a north-east course to the head of the Wallaboght Mill-pond; thence through the centre of the Mill-pond to the East River; and thence down the East River to the place of beginning."

*Officers of the Village.*—The Officers of the Village consist of five Trustees and three Assessors, chosen on the first Monday in May, of every

year, by the freeholders and inhabitants qualified to vote at town meetings. The board choose their president, treasurer, clerk, and collector.

*Powers of the inhabitants.*—The freeholders and inhabitants are declared a body corporate, and “are by law capable of purchasing, holding, and conveying, any estate, real and personal, for the use of the said village, (provided the said estate be within the limits of the said village) and of erecting any public buildings for the use of the said village, and of raising money by tax for erecting such public buildings, purchasing such real or personal property, or making any necessary repairs or improvements, procuring fire-engines and other implements for extinguishing fires, and for making a reasonable compensation to the officers of the corporation.”

*Powers of the Trustees.*—The Trustees, or a major part of them, are empowered “to make, ordain, constitute, and publish, such prudential by-laws, rules and regulations, as they from time to time shall deem meet and proper; and such in particular as relate to the public markets, streets, alleys, and highways of the said village; to draining, filling up, levelling, paving, improving, and keeping in order the same; to slaughter-houses, houses of ill fame, and nuisances generally; relative to a village watch, and lighting the streets of the said village; relative to restraining geese, swine, or cattle of any kind; relative to the better improvement of their common lands; relative to the inspection of weights and measures, and assize of bread; relative to erecting and regulating hay-scales; relative to the licensing of public porters, cartmen, hackney-coachmen, gaugers, weigh-masters, measurers, inspectors of beef and pork, of wood, of staves and heading, and of lumber; rela-

tive to public wells, pumps, and reservoirs or cisterns of water, to be kept filled for the extinguishment of fires; relative to the number of taverns or inns to be licensed in said village; and relative to any thing whatsoever that may concern the public and good government of the said village; but no such by-laws shall extend to the regulating or fixing of the prices of any commodities or articles of provision, except the article of bread, that may be offered for sale."

ABSTRACT OF AN ACT TO AMEND THE ACT OF INCORPORATION, PASSED APRIL 9, 1824.

Every white male inhabitant between the ages of 20 and 60, who possesses a personal estate of \$150 value, and is not exempted from serving on juries, shall be liable to serve as jurors within the village.

The Trustees may order the pitching, paving, and altering of streets, and the cleansing and amending of vaults, and cause equitable assessments to be made on all houses and lots benefitted thereby, for the payment of such improvements.

The Trustees are (on application in writing of a majority of the persons who are intended to be benefitted thereby, or whose property shall be assessed for the payment of the expense attending the same) empowered to widen and alter streets already laid out in the village, and also to lay out and make streets and roads, as they shall think necessary. Lands and houses of any persons may be taken, on making reasonable satisfaction for the same, in the manner prescribed. An assessment must be made of the value of the lands and buildings so taken, and also of the benefits to the owners of houses and lots in the village, and such

assessments are obligatory on all persons concerned.

If a tax on any property in the village is unpaid, and the owner cannot be found, or has not personal property whereon to levy, then a sale of the said property can be made for the lowest term of years at which any person will take it, and pay the tax and charges.

The village may be divided into pump and well districts, and pumps and wells may be made on application to the trustees of a majority of the persons owning property to be benefitted thereby, or whose property will be assessed for the payment of the same

**ABSTRACT OF AN ACT TO ESTABLISH A BOARD OF HEALTH IN THIS VILLAGE, AND FOR OTHER PURPOSES—Passed April 9, 1824.**

The Trustees of the village for the time being are constituted a Board of Health, with power to appoint a Health Physician, whose duty it is to visit and inspect all vessels coming to the wharves or landings which are suspected to have on board any pestilential or infectious disease, and stores and places having any unsound or damaged goods, &c.

No vessel, subject to the examination of the health officer of New-York, shall approach Brooklyn nearer than the Quarantine at Staten Island, without a permit from him. Vessels having permits shall in six hours after their arrival deliver it to the president of the board, under a penalty of fine and imprisonment.

Any vessel lying at or near any of the wharves or landing places, which the board of health believe to be dangerous to the health of the inhabitants,

may be ordered off to the distance of at least 500 yards. If the order is disobeyed, the offending party may be fined and imprisoned.

Persons practising physic are required to report to the board every patient under their charge, laboring under malignant or yellow fever.

Persons keeping boarding or lodging houses, shall, between the 1st June and 15th November, within six hours after any sea-faring man or sojourner shall be sick in such house, make report in writing thereof to the board. And masters of vessels and others may not, between the days aforesaid, remove any sick person from a vessel into the village, without obtaining a permit for that purpose from the board of health.

The board have power (by the consent and advice of the inhabitants, in a public meeting held for the purpose) to issue their proclamation prohibiting or regulating intercourse by land between the village and any other place.

All persons in the village, not being residents thereof, sick of a pestilential or infectious disease, and all things deemed infected, may be removed to the hospital of the village, or to any other place which the board think fit.

Putrid and unsound beef, pork, fish, hides, or skins, may be destroyed by order of the board.
